The undersigned confirm that we have received and have reviewed the GRCA Governing Documents including the CC&R’s and the Architecture Building and Design Rules.(“Guidelines”).

We understand that Article 5.3 of the CC&R’s and the “Guidelines” describe rules for permissible construction and landscaping and that approvals are required prior to commencing construction.

We further acknowledge that we have reviewed the map on The George Ranch website to identify the location of the Building Envelope on our lot and that we confirmed the Building Envelope location from the Title Report for our lot.
